

We recommend two people be on hand for this assembly

Tools required :
- 4mm allen key (included)

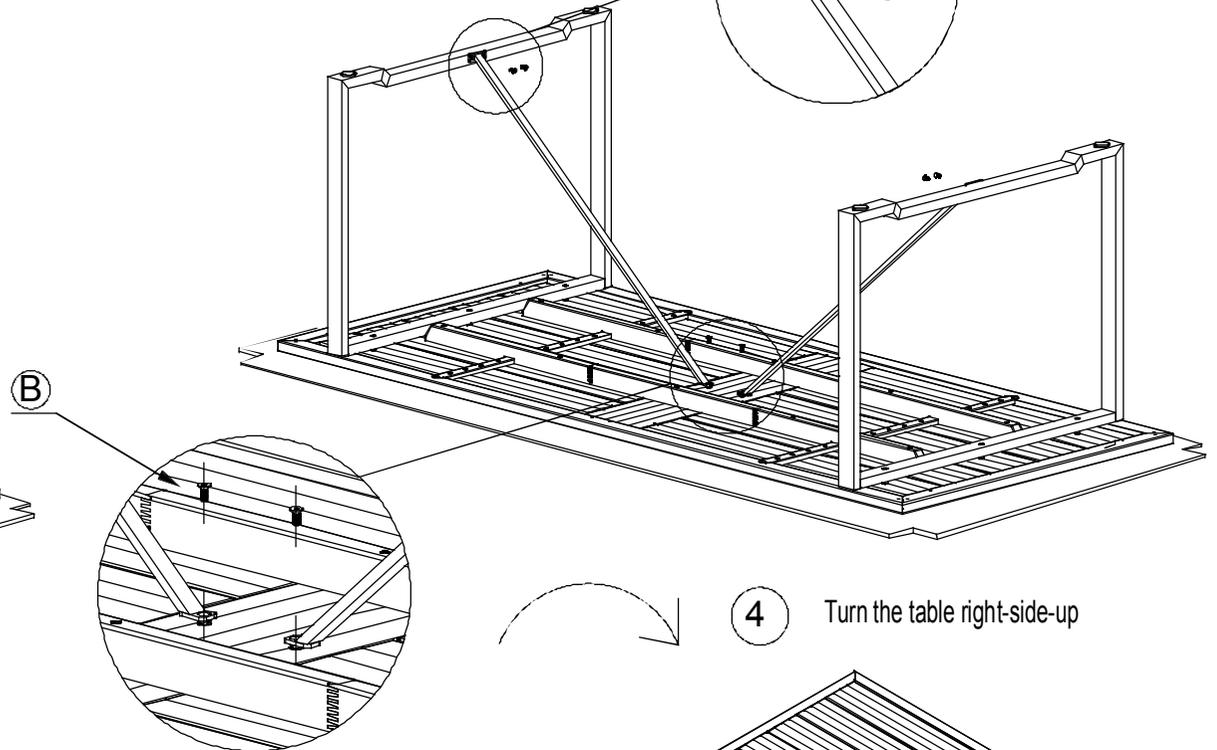

GOTLAND 220x90cm

ASSEMBLY INSTRUCTION

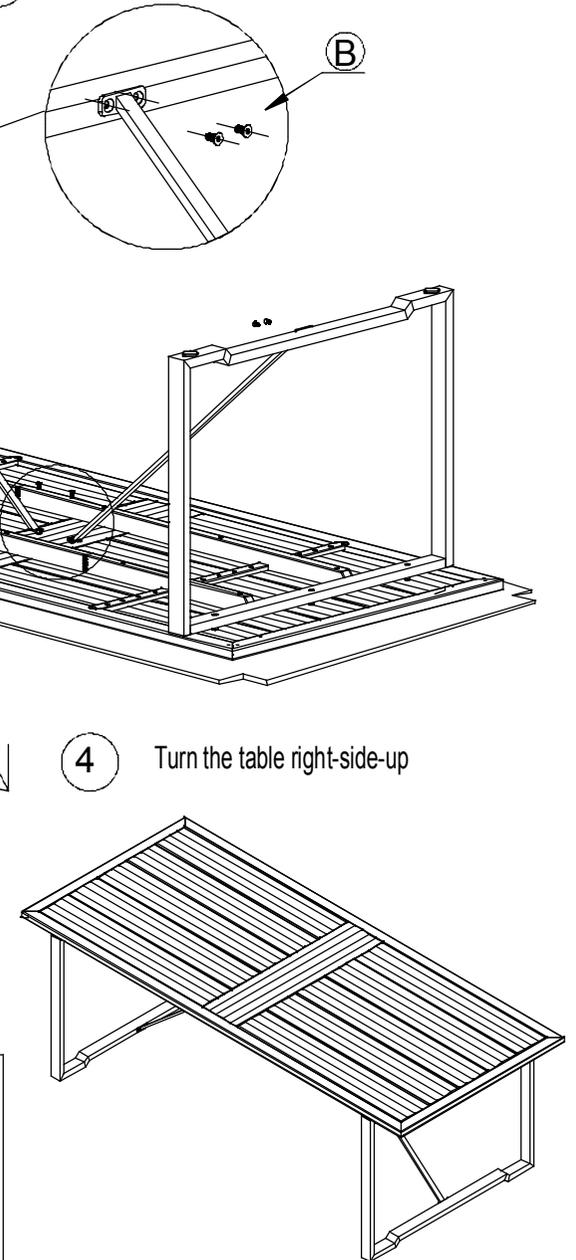

- 1 Flatten the supplied carton and use it as a protective work surface. Line the 2 leg assemblies up with the teak top and assemble them loosely in place with the M6x45mm JCBC bolts. Make sure to place the PE washers \varnothing 12.7mm between teak top and the leg assembly.
- Do not tighten the bolts fully.

- 2 Place stainless steel supports and secure them with the M6x15 mm flat head bolt. Secure the 2 bolts that run into the table top prior to securing the 4 bolts that run into the legs

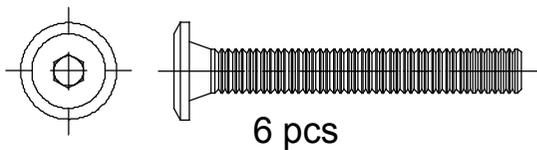

- 3 Tighten all bolts fully using supplied allen keys

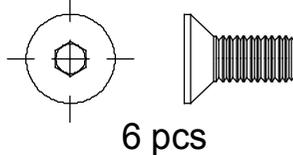

- 4 Turn the table right-side-up

A JCBC Bolt M6x45mm

B Flat Head Bolt M6x15mm

C PE Washer \varnothing 12.7mm
